

Mobile 5S Station / Display Board

Want to Take 5S to Another Level?

In today's business environments, the push for continuous improvement is never-ending. Finding ways to organize cluttered work spaces can be a significant challenge. Tekno gives you the tools to meet those challenges! With our 5S Station Kits, you can elevate your 5S endeavors to a world-class level.

Benefits and Features:

- World Class in appearance and function, these stations exemplify organization.
- Casters allow ease of movement; structure is never "in the way".
- Structure is framed using our clear-anodized aluminum extrusion and assembly hardware, durable enough to handle even the most unforgiving work environments. *Continued...*

One Wall Street
Cave City, KY 42127

Mobile 5S Station / Display Board

Longevity: Our Aluminum profiles will never rust or corrode, and will never require painting!

Ease of Assembly: Assembles in minutes, with no drilling, tapping, or welding required!

“Out of Sight” Storage: Storage compartment allows employees to store items that may contribute to clutter.
